Mr.C.Chinnaraj, AP/Civil Engg.
Dr. N.G.P. Institute of Technology.

ELIGIBILITY AND SELECTION

Faculty, Research scholars, Practitioners and Students from AICTE approved Institutions, Deemed Universities and Industries are eligible to participate in the programme.

ABOUT THE SEMINAR

This seminar IMTCS-2017 aims to provide thorough knowledge about Innovative Materials and Techniques for concrete and steel structures. It helps to know the importance of Innovative materials and Techniques using which the quality of concrete and steel structures can be improved. This seminar also gives exposure to the students, faculty, industrialists and Research Scholars to enrich their knowledge in the field of modern materials and new techniques. The challenges and opportunities which the Civil Engineers are facing in the practical field also will be discussed.

OBJECTIVE

This seminar aims to provide a platform for the students, faculty, Industrialists and research scholars to enhance their knowledge in the field of Concrete and Steel Structures. As the innovative materials and Techniques plays a vital role in the field of Civil Engineering, the outcome of the seminar will be very much beneficial to the entire Civil Engineering Community.

IMPORTANCE OF THE SEMINAR

It is the need of the hour to know the Innovative Materials and Techniques in the area of Concrete and Steel Structures. The requirements for the Civil Engineers are increasing worldwide because of the overall developments in all fields and cheapest and quick rate of constructions are required. Hence it necessitates to know the alternative and new materials and techniques for all types of concrete and Steel Structures.

DISCUSSION TOPICS

- Innovative Materials in Concrete & Steel Structures
- Advanced Techniques in Concrete and Steel Structures
- Application of Modern materials
- Techniques in cost & Time reduction
- Other related topics

One Day Seminar

ABOUT Dr.N.G.P. IT

The essence of education lies in translating opportunities into experiences of empowerment, in transcending 'what is' to 'what can be' and transforming limitations into limitless learning. Welcome to an institution that recognizes the power of education to help Nurture, Grow and Progress. Dr.Nalla.G.Palaniswami - A name that is taken with great reverence by the medical fraternity and common public alike, for his pioneering efforts in providing quality healthcare. Since its inception in 1989, the Kovai Medical Center and Hospital or KMCH as we know it, has been redefining the corporate hospital set up, making healthcare accessible to all, catering to patients from all over the globe. Looking beyond its success and recognizing the need for competent technical education, Dr.N.G.P. initiated the establishment of Dr.N.G.P. Institute of Technology in 2007, and the N.G.P. Group of educational institutions. The College has been affiliated to Anna University, Chennai, approved by the All India Council for Technical Education (AICTE), New Delhi, recognized by UGC under section 2(f) and Accredited by NAAC.

ABOUT THE DEPARTMENT

The Department of Civil Engineering has been in existence since 2011. The Department is grown into a fully-fledged one with well-equipped lab facilities and Infrastructure. The Department has well experienced Faculty members of various specializations. The activities in the Department are carried out to consort the global innovations, inventions, alternate resource development upgraded in the civil world for the human mankind journey. The students are trained to upgrade themselves and the Department is striving to mould them in to a better engineer in this society.

VISION

Enhance Technical knowledge to meet industrial expectation and lead the society towards sustainability.

MISSION

MD1 -To organize practical oriented learning through novel teaching methods for the betterment of students

MD2 - To stimulate the graduates to become technically skilled professionals, managers and employers in the field of civil engineering.

MD3- To emphasize the professional challenges and contribute to the growth of Science and Technology in partnership with industry.

MD4- To create centre of excellence by providing resourceful laboratory and Research facilities.

MD5 -To develop the student community with social responsibility and moral values.

REGISTRATION FEE

- Registration fee includes Seminar Kit and Lunch
